SUBJECT

Appropriation of a sum from water supply grant to the estimated cost for the construction of R.C. tanks at Davangere

The D.C. Chitaldurg
D.P. 18

Chief Engineer for Irrigation

L 5487 dated 5.6.12
purses orders.

from the D c chitralong.

no - A 6-980/4442 of 4-11-44
Requests that a sum of Rs. 23,000/-
may be given from out of the W.S.
grant for 44-45 towards the
balance required to make
up the estimated cost of Rs. 1,38,000/-
for the construction of R c c tank
at Sawangpur.

* 2
mt 75-41-49

In go. of 27-1-46, sanction
was accorded to an estimate for
Rs. 1,38,000/- for the construction of a
R c c tank at Sawangpur, the cost
being met by the M.L. and the
govt in the proportions of $\frac{2}{3}$, $\frac{1}{3}$ respectively
vide orders at paras 38 & 39 of the
notes of the file for reference.

* 2

The M.L. is said to have
already credited a sum of Rs. 69,000/-
from mt gts funds in this behalf
and the ^{entire} govt contribution of Rs. 46,000/-
drawn has also been drawn, as per report.

The M.L. now requests that
a sum of Rs. 23,000/- still required
to make up the total estimated
cost may be given out of W.S. grant
for 1944-45.

The financial position of

The Davangere Tank well is very satisfactory, as seen from the sanctioned budget for 44-45 they can bear the cost of Rs 23,000/- still required without any difficulty. ~~But~~ however, during the current year, a provision of Rs 1,30,000/- only has been made in the state budget as against Rs two lakhs during previous years and this amount has to be contributed towards the water supply improvement works in the Tank and numerous ~~other~~ matters. Many of these matters cannot even afford to give half the cost of the improvement works to be taken up by them in view of their slender resources.

In the above circumstances, it is proposed if the proper of the Davangere Tank well is for a grant of Rs 23,000/- for the construction of R e c tank in addition to the amount of Rs 46,000/- already sanctioned, may be complied with.

ma 12/11 Out of the estimated cost of Rs 1,30,000, a sum of Rs 1,15,000 (Rs 69,000 Davangere Tank well & Rs 46,000 for R e c tank) is made available. The remaining

9/152 3

therefore be taken up & discussed with the above amount, without further waiting.

The question of giving the work part of Rs 23,000/- may be considered against the entire amount of Rs 11,500/- spent. It is not likely that it would be spent this year at all. Hence it is for order - if the Secy. contemplates may not be requested to renew the proposal at the end of this year if the amount already allotted is spent in order.

13/11/44

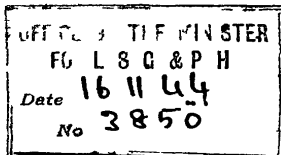

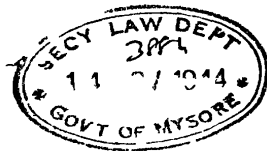

Since the work may go on with the amount available i.e. Rs 1,15,000/- the proposal for additional grant may be renewed at the end of the 2nd year when the period may be extended.
